TO WHOMSOEVER IT MAY CONCERN

This is certified that I have visited the site of B.S. Public School, Mursan Road, Shadabad (Hatharas) U.P. on Dated: 28.01.2018 and inspected the school building for its tensile worthiness.

The building consists of a strong and sturdy RCC structure erected on strong columns and beams.

Keeping in view the nature of construction and the quality of building material used, approximate life span of the building is estimated to be 70 years and the school building is structurally safe for running the school for the above stipulated period.
